Recreational and Tumbling  
Coach

---

Olivia started as a gymnast herself when she was young in our recreational programs. Her bubbly, and contagious energy guaranteed her to be hand selected for our coach training program at the age of 13. Fast forward a few years and she is now practicing to start her Advanced accreditation process with programs such as the Tumbling and TeamGym classes. She has also been seen coaching and judging at Regional and State level competitions for TeamGym.
